Executive Director

Re: Required Disclosure of Information

The Teamsters Joint Council No. 83 of Virginia Pension Fund ("Fund or Plan") is required to file a report annually with the Department of Labor known as the "Form 5500." The Form 5500 contains financial and demographic information about the Fund. The Plan Administrator is required under Section 104(d) of the Employee Retirement Income Security Act ("ERISA") to provide you with a summary of certain information provided in the Form 5500. This summary and the accompanying attachments are for the plan year beginning January 1, 2019 and ending December 31, 2019.

## Contribution Schedules and Benefit Formulas

Exhibit A contains the contribution rates the Fund will accept when receiving notice that a sponsoring union and contributing employer have negotiated participation in a DEFAULT plan of benefits.

Exhibit B contains the contribution rates the Fund will accept when receiving notice that a sponsoring union and contributing employer have negotiated participation in a PREFERRED plan of benefits.

Exhibit C contains the various benefits schedules that are available from the Fund as of the beginning of the year. During 2019, the Special Early Pension was restored for those participants that had less than 20 years of service as of 12/31/2009. The restored Special Early Pension is available upon reaching 30 years of service.

## The number of employers obligated to contribute to the Fund

As of December 31, 2019, there were 18 active contributing employers to the Fund.

## Listing of contributing employers contributing more than 5% of the total contributions received during 2019

United Parcel Service

The number of employees for whom no employer contributions were made during 2019, 2018 and 2017

2019 1,731  
2018 1,710  
2017 1,682

Funding Status for 2019

The Fund's actuary certified the Plan as being in the "Green Zone" (neither endangered nor critical) as of January 1, 2019. Prior to 2017, the Fund had been in the Yellow Zone (endangered). While in the Yellow Zone, the Fund engaged the services of its actuary and attorney to develop a required Funding Improvement Plan. Although the Fund is now in the Green Zone, the provisions of the Funding Improvement Plan remain in place unless restored or modified by the Trustees. Basically, the Funding Improvement Plan offered participation in two different plans. The first, a preferred plan, eliminated the 25 and 30-and-out benefits (if applicable to a participant's schedule) for all who had less than 20 years of Benefit Accrual Service (BAS) as of December 31, 2009. The second schedule, a default plan, eliminated the 25 and 30-and-out benefits (if applicable to a participant's schedule) for all participants. As noted earlier in this notice the Special Early pension was restored for those participants that had less than 20 years of service as of December 31, 2009. The restored Special Early Pension is available upon reaching 30 years of service.
