The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately.
This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, contact the Fund Office at 1-800-852-0806. Important Questions	Answers	Why This Matters:
What is the overall deductible?	$375 individual/$1,125 family	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. Primary care physician and specialist office visits are covered, as well as covered prescription drugs.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	For in-network providers $5,500 individual/$16,500 family; for out-of-network providers $16,500 individual/$49,500 family	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met. Under the No Surprises Act cost-sharing at certain out-of-network providers applies to the out-of-pocket limit.
What is not included in the out-of-pocket limit?	Copayments for certain services, premiums, deductibles, balance-billing charges, and health care this plan doesn't cover. Refer to Section 3.16.C of the Plan Document.	Even though you pay these expenses, they don't count toward the out-of-pocket limits.
Will you pay less if you use a network provider?	Yes. See www.anthem.com or call 800-810-2583 for a list of network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
