| Important Questions | Answers | Why This Matters: |
|---|---|---|
| What is the overall deductible? | \$375 individual/\$1,125 family | Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible . |
| Are there services covered before you meet your deductible? | Yes. Preventive care and primary care services are covered before you meet your deductible . | This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ . |
| Are there other deductibles for specific services? | No. | You don't have to meet deductibles for specific services. |
| What is the out-of-pocket limit for this plan? | For in-network providers \$5,500 individual/\$16,500 family; for out-of-network providers \$16,500 individual/ \$49,500 per family | The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met. Under the No Surprises Act cost-sharing at certain out-of-network providers applies to the out-of-pocket limit . |
| What is not included in the out-of-pocket limit? | Copayments for certain services, premiums , deductibles , balance-billing charges, and health care this plan doesn't cover. Refer to Section 3.17.B of the Plan Document. | Even though you pay these expenses, they don't count toward the out-of-pocket limits . |
| Will you pay less if you use a network provider? | Yes. See www.anthem.com or call 800-810-2583 for a list of network providers . | This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services. |
